

Get Covered with Quality, Affordable Health Insurance

Now is the time to sign up for 2024 health insurance.

Enrollment for the Health Insurance Marketplace, which offers high-quality, affordable health insurance plans to Missourians, is open from November 1, 2023 – January 16, 2024. Anyone can use the Marketplace to see their insurance options. It is designed to help individuals and families get affordable health coverage. Also, more Missourians are now eligible to enroll in Medicaid than ever before.

Coverage Options

1

Health Insurance Marketplace

The Health Insurance Marketplace offers one-stop shopping for health insurance plans. The plans offer good coverage, and most people qualify for discounts. In 2023, more than 250,000 Missourians enrolled in insurance through the Health Insurance Marketplace. More than 90% of them qualified for discounts on their insurance. If you haven't enrolled before, it's time to look again.

2

Medicaid

Low-income Missourians can also get covered through Medicaid, also called MO HealthNet. MO HealthNet is our state's free health insurance program for people who can't afford to buy their own insurance. Thanks to the Medicaid Expansion passed by Missouri voters in 2020, more people than ever before can qualify for Medicaid. If you've applied in the past and been told you make too much money for Medicaid in Missouri, it's time to try again.
